

# Making your success simple with the NEW... Online Banking

Don't wait until the end of the month to check your finances. With online banking you can check your finances, transfer money between accounts, pay your bills, and more! Best of all, it's at your convenience, fitting with your schedule.

## Step 1: Login to your Online Banking

## Step 2: Welcome to your new online banking!

**Home:** Returns you to an overview of all your accounts and services.

**Accounts:** Lists all your accounts and transactions. This area also will allow you to search for a specific transaction, download a list of transactions, view statements, spending reports, and categorize transactions.

**Transfer:** Allows you to transfer money between your different accounts.

**Bill Payment:** Pay all your bills in one place, at one time.

**Profile:** Allows you to change your password, challenge questions, email address, opt into eStatements, user options, and manage mobile banking.

## It's that simple.
